

UNISTRUT
M I D W E S T

Your Go-To Distributor for Superior Products

As the largest independent Unistrut distributor in the country, we hold the highest inventory of Unistrut channels, fittings, and hardware. We also offer top brands like Haydon, Sikla, and Food Grade Strut, with options for special finishes, materials, and custom orders.

We've got you covered.

Who We Are

As a nationwide distributor with five Midwest locations, we offer turn-key solutions for secondary modular steel support systems, including conceptual design, budgeting, engineering, BIM coordination, materials, prefabrication, assembly, and delivery. We exceed client expectations and are committed to providing the highest quality customer service.

Deep Industry Experience

We are committed to providing innovative solutions that will help you complete your project faster and more efficiently.

Dedicated Engineering Services

We have dedicated resources to engineer a custom solution for nearly any application, no matter the challenge.

Speed to Market Focus

We understand the importance of quick execution and delivery, keeping your project on time and within budget.

Our Services

Supply and Inventory

We carry the largest on-hand inventory of Sikla and Unistrut products in the US, allowing us to keep projects on schedule, and minimize dependence on the manufacturer's supply chain.

Prefabrication Capabilities

We have dedicated facilities and specialized teams to handle projects of any size, helping you save time, enhance safety, and reduce labor costs.

Modular Steel Offerings

We use innovative modular steel systems such as Sikla siFramo and Unistrut to create all-bolted modules and rack systems. Our systems are faster to assemble and provide future flexibility.

Engineering and Design

We offer structural rack design packages utilizing both 2D and 3D design platforms. We are able to provide P/E Stamp Drawings, BIM Coordination, and Shop Drawings for any of our designs.

Professional Distribution Solutions that Drive Success

At Unistrut Midwest, we pride ourselves on not only providing high-quality secondary steel support materials, but also offering expert support and delivery services to ensure that our customers receive their products in a timely and efficient manner.

Our team of experienced professionals are dedicated to assisting clients with their specific needs, whether it's designing customized solutions or providing technical assistance. We are committed to going above and beyond to meet and exceed customer expectations.

Trust Unistrut Midwest for all your secondary steel support material needs.

Unistrut

The Unistrut engineered system is designed with all-bolted connections to allow for adjustment to changing requirements or field conditions.

Sikla

Our modular steel systems can be assembled 300-500% faster than traditional welded structures.

Food Grade Strut®

Stainless steel components such as wall and trapeze sanitary strut, perfect for food processing centers. IMP Anchors are the ideal attachment solution for insulated metal panel walls.

Fabrication Capabilities

We have the ability to offer fully assembled modules, flat packed kits, or cut-to-size material. Use our labor to compliment your project teams and be more efficient.
